## *PROJECT OBJECTIVES*

### *Main objective*

*Raising public awareness of the need to protect and save natural heritage and promotion of the most modern scientific tools for monitoring of the quality of surface water in the cross-border area through case studies and field measurements.*

## *Specific objectives*

- 1. Raising awareness in the region of the need to protect natural heritage.*
- 2. Strengthening cooperation between two most important educational and research institutions in the region, Polytechnics University from Timisoara and Technical faculty from Bor.*
- 3. Assessment of surface water quality with emphasis on the river Danube and its tributaries and the special nature reserve Carska Bara.*

In the frames of the project AC „Village“ organized 5 round tables on raising public awareness of environmental protection with the representatives of:

- - Local authorities
- - Regional state authorities
- - Organizations of civil society
- - Interested parties
- - Researchers
- - Faculties and schools
- - Citizens interested in the topic
- - Media

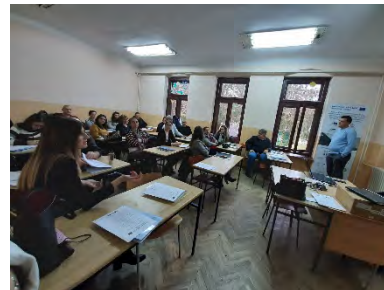

## Мајданпек

## Belo Blato

## Ечка

## Donji Milanovac

## Veliko Gradište

АС „Village“ presented in 5 schools in Bor, Braničevo  
and Srednjobanatski districts:

Biodiversity

Pollution and water protection

SNR „Carska Bara“

NP „Đerdap“

More than 500 primary and secondary school students  
attended those presentations

## Presentations were realized in:

*PS „Brastvo jedinstvo“ Belo Blato*

*PS „Dr.Aleksandar Sabovljev“ Ečka*

*PS „Miladin Bučanović“ Vlaole, Majdanpek*

*Technical school in Bor*

*Machine electro technical school in Bor*
